## sub floor preparation

**Floorwise supply the flooring professional with a versatile range of quality levelling compounds which are the level best!**

### **F5GOLD Pro-Screed Gold 2 Part rapid setting latex polymer levelling & smoothing compound**

### **F5GOLDLL Pro Screed Latex Liquid**

A versatile 2 part latex polymer levelling and smoothing compound with excellent flow and adhesion properties.

- **Rapid Setting**  
Walk on after 90 minutes  
Install floorcoverings after 4 hours
- **Excellent flow**  
and application properties
- **Low odour**
- **Suitable for use**  
over old adhesive residues
- **Moisture tolerant**  
can be used below and above surface membranes
- **No priming necessary**  
on most subfloors
- **Perfect for timber substrates**
- **Suitable for use**  
with underfloor heating systems
- **Protein, ammonia & casein free**

Walk on time:	<b>90 minutes</b>
Working time:	<b>Approximately 20 minutes</b>
Apply floorcovering:	<b>Typically 4 hours</b> (3 hours for ceramic tiles)
Compressive strength:	<b>C16 after 28 days</b>
Application thickness:	<b>Featheredge to 10mm unfilled from 10mm to 30mm filled</b> (3mm granite chippings)
Coverage:	<b>5-6m<sup>2</sup> @ 3mm per 20kg bag + 5L liquid</b>

**20kg**

made in the UK

# Sub floor preparation

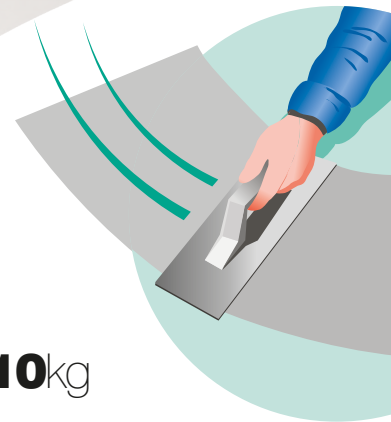

## F5FEA Pro Screed Feather Edge ultra fine, rapid setting levelling & patch repair compound

An ultra-fine rapid setting, fast drying, high polymer levelling and patch repair compound. The unique formulation truly delivers a feather edge from 0-3mm, perfect for feathering and patching depressions, trowel marks, ridges, gouges and joints in subfloors, as well as smoothing over screw heads

and joints between sheets of plywood. With outstanding adhesion properties the compound can be used without a primer and can be applied over most underfloor heating systems.

- **Rapid drying**
- **Install floorcoverings** after 15 minutes
- **Excellent adhesion properties**
- **Perfect for timber substrates**
- **No priming necessary**
- **Suitable for use** with underfloor heating systems
- **Protein free**

Walk on time: **15 minutes**  
Working time: **Approximately 10-15 minutes**  
Apply floorcovering: **After 15 minutes**  
Application thickness: **0 to 3mm**  
Coverage: **45m<sup>2</sup> @ 1mm per 10kg bag mixed with 5L water**

10kg

made in the UK

## SP101 Plywood

The industry standard of flooring grade plywood that is fully compliant with the BS8203:2017 standards for installation of resilient floor coverings.

Guaranteed fit for purpose with the following attributes:

- **BS 8203:2017 and CFA Guidance Compliant**
- **TFT Woodexperts Diamond Mark Certified**
- **Strict thickness and dimensional tolerances**
- **Controlled moisture content**
- **Thicker hardwood outer veneers**
- **High quality core**
- **Reliable gluing**

# Sound reducing rubber underlays

**Made from high density rubber composite the acoustica range of underlays are excellent impact and airborne sound reducers.**

With the ability to absorb minor floor imperfections these underlays also provide the right level of cushioned support helping to increase underfoot comfort. Most have a built in moisture barrier which will protect the floor above and they are suitable for installation over most underfloor heating systems.

**common** features:

- **Excellent** sound reducers
- **Premium** cushioned support
- **Absorbs** minor floor imperfections
- **Built in** moisture barrier
- **Increased** underfoot comfort
- **Suitable** for underfloor heating

**USR+** **Ultimate** Sound Reduction

These ultra high density rubber underlays are exceptional sound absorbers, reducing both impact and airborne sound. These underlays incorporate a built in moisture barrier. **x10**

## Floorwise supply the flooring professional with a versatile range of quality adhesives which won't let you down on the job!

Our range of products cover every need in order to achieve great results! We have the adhesive that holds fast and lasts the course. Floorwise won't let you down, and absolutely won't come unstuck when it comes to product quality, availability or supply!

### F542 MS Polymer Wood Flooring Adhesive

The MS polymer wood flooring adhesive is a high performance, flexible, single component, solvent and water-free adhesive for permanent bonding of all types of wood flooring. Compatible with most underfloor heating systems, the advanced polymer adhesive is both safe and clean to use.

Coverage: approx. 16-24m<sup>2</sup> per 16kg bucket.

Approx. 10 linear metres of 8mm bead per 600ml sausage.

- Permanent elastic bond
- One component
- Rapid curing
- Excellent initial grab
- High performance bond
- Easy application
- Solvent free
- Low VOC
- Suitable for use with underfloor heating systems

16kg

600ml

### F500 Silicone Joint Sealant

This silicone joint sealant is specially formulated for use in providing a waterproof, hygienic, flexible seal, which is resistant to mildew and mould growth.

Coverage: approx. 11 linear metres of a 6mm bead per cartridge

- Interior and exterior applications
- High movement accommodation
- Excellent adhesion
- Lasts up to 25 years
- Contains fungicide

310ml

# adhesives

## F538 Water Resistant Wood Adhesive

This non-plasticised, cross linking PVA emulsion adhesive is specially formulated for wood bonding in all cases where a fast set, high bond strength and excellent water resistance are required. Suitable for virtually all woods, wood decoratives and high pressure laminates. Conforms to BSEN 204:1991:D3 and BS4071 for creep resistance.

**Coverage: approx. 60–80 linear metres of 3mm bead per 500ml bottle**

- Fast drying
- High initial grab
- High shear strength
- Great temperature resistance

500ml

## FLE290 Flexy Fix MS Polymer Adhesive

An extremely versatile, high performance flexible, rapid curing MS polymer adhesive for bonding a wide variety of materials to most surfaces. Approved for direct stick stair nosings applications and compatible with most underfloor heating systems, this advanced polymer adhesive is easy and clean to apply.

**Coverage: approx. 15 linear metres of a 5mm bead per cartridge**

- Permanent elastic bond
- Rapid curing
- Excellent initial grab
- High performance bond
- Easy application
- Solvent free
- Low VOC
- Approved for direct stick stair nosing applications
- Suitable for use with underfloor heating systems

290 ml
