cutting tools: shears

	Professional Knife Edge Shears F7521 10", F7520 12" The perfect tool for cutting heavy grade carpets. Made from high quality carbon steel for long life, with a durable PVC handle for comfort.
	F7529 Lightweight 10" Finney Shears Quality, lighter weight shears, made in Germany with premium stainless-steel blades and rubber coated handles for maximum comfort when in use. Ideal for trimming carpet and underlay.
	F7524-7 7" Professional Napping Shears 3 Finger The broad duck billed blade allows simple trimming of tufts and levelling of carpet seams, with a durable PVC handle for comfort.
	F7524 Napping Shears 2 Finger Made from stainless steel.
  	F7525 Lowe Super Gripper Shears High performance German engineered shears. 40mm cut length.
  	F7527 Lowe Mitre Shears High performance German engineered shears. With stop faces at 45°. 50mm cut length.
	F7528 Wiss Aviation Snips High quality Wiss snips forged from molybdenum. 38mm cut length.

cutting tools: carpet cutters

	F7519 Perfect Carpet Cutter A quality carpet and vinyl edge cutting tool of durable cast aluminium with an interchangeable hooked or straight blade, for perfect edge-cutting flush against the wall edge. Blade depth is adjustable by brass thumb screw. Ergonomic design offers excellent comfort, cut after cut. Takes either straight or hooked blades (see page 6).
	F7530 TrimMaster Trimmer Ensures a precise cut when used with carpets or vinyl. Combines light weight and ergonomic design to achieve greater cutting accuracy. The angle and depth of the blades are quick and easy to adjust. Takes either straight or hooked blades (see page 6).
	F7552 Araseur Carpet & Vinyl Trimmer Excellent for thin carpet and vinyl cutting around any room. F7552B - Hooked Blades 20 x 5 = 100
	F7553 High Tech Cutter Quick and easy trimming for all types of floorcoverings. Adjustable stops allow the cutter to tilt to a predetermined height depending upon the thickness of the floor covering. F7553B - Hooked Blades 20 x 5 = 100

cutting tools: carpet cutters

F7551 Crain Deluxe Carpet Trimmer

For easy trimming of stretched carpets along walls, with adjustable height and handle features, this is the go-to tool for all your carpet trimming needs.

F7551B - Blades 12 pack

F7556 Crain Versa Cutter

A versatile carpet cutter, designed to cut smoothly, without shearing yarns thanks to the thin steel row guide. Springs on either side hold the carpet down, whilst the steel foot plate maximises cutter life.

Takes either straight or slotted blades (see page 6).

F7557 Jute Carpet Cutter

Designed for producing a quick, clean cut with textile floor coverings which come with jute back. Complete with 10 spare blades.

F7550B - Razor Style Blades x10

F7558 Foam Back Carpet Cutter

Comes with a spring arm designed to hold down the carpet whilst cutting textile floor coverings with foam back. Complete with 10 two-hole blades.

F7558B - Straight Blades x10

F7035 Crain Row Separator

The Crain Row Separator will effectively open and spread rows for reduced shearing of carpet nap by the seam cutter. This double-ended tool has a pointed end for cut pile with a wider conical surface behind the point.

carpet fitting tools: knee kickers

F7001 Roberts GT 'The General' - Gel Pad Knee Kicker

A rugged, high-performance tool, made from durable die cast aluminium for strength. The extra wide head has five rows of steel pins and four of nap grips at one end and gel core pad to help reduce shock at the other. The length is adjustable from 47 to 57cm making it easier for fitters to get the perfect reach.

F7006 Roberts GT-2000 Knee Kicker

A die cast aluminium body for maximum strength but lightweight and easy to handle. With a 28% wider head than other models it has five rows of steel pins and four of nap grips for better grip. The length is also adjustable from 47 to 57cm making it easier to get the perfect length for the individual fitter.

F7002 Crain Deluxe Knee Kicker

The power rod construction supports the pinplate for better force transfer. Extendable in 5 positions. The pin dial offers 9 different settings. With an extra thick bumper for comfort and durability.

F7003 Crain Mini Stretcher

The Crain Mini Carpet Stretcher is ideal for stretch fitting carpets in tight spaces or in applications where a conventional stretcher couldn't be braced against an opposite wall. It works by hooking the tail blade attachment onto the tack strip making it a quick and convenient solution for many installations.

Comes complete with carrying case, instructions and seam repair attachment.

carpet fitting tools: power stretchers

F7010 Crain Swivel Lock Power Stretcher

The swivel lock stretcher gives you the benefit of both swivel and straight heads. It has a 60° swivel range, which helps with patterned carpet. The stretcher has a built in locking point that will allow you to lock the swivel head in 5 positions. There is a pin depth adjustment bar that will allow for variable pin depth penetration in different thicknesses of carpet. It comes with adjustable locking tubes and folding tail block. Complete with its own wheeled carry case.

F7010E - Crain Spare Tube

F7004 Carpet Glider

The Carpet Glider is a heavy metal roller designed for smoothing air bubbles from carpet making it ideal for use in double stick carpet installations.

Weight: 10kg

F7219 Carpet Claw

Designed to assist the installer by providing more purchase when removing stuck down flooring materials from the sub floor. Manufactured from lightweight cast aluminium for strength, its powerful jaws operate on a lever system so that the harder they are pulled the tighter they will grip the flooring material.

carpet fitting tools: heat seam tools and tapes

F7014 Roberts Deluxe Heatbond Carpet Seaming Iron 230V

The first choice for professionals worldwide. The streamlined low profile design allows for easy carpet seaming, with an even heat distribution for thorough melting. Its Teflon coated base makes cleaning fast and easy.

F7015 Crain Grooved Deluxe Heat Seaming Iron

The Crain Heat Seaming Iron now comes with a self-cleaning Teflon coated base. It has an air cooled heat shield for the protection of backings, dual indicator lights for 'power on' and 'heating' status, a strong Li-shaped handle and riveted iron tray to withstand the demands of site work.

F7015/110 - 110V

F7015/220 - 220V

F7015C - Carrying Case

F7020 Crain Straight Axle Seam Roller

To aid carpet seaming, ensuring a better overall contact with carpet backing and the adhesive or heat seaming tape. The spike wheels ensure full width pressure and prevent the carpet from sliding. Roller width 4".

F7020F Crain Flexible Axle Seam Roller

As F7020, but with two pivoting axles. When moved forward and backward, the axles pivot outwardly then inwardly. This action mixes the carpet fibres and pulls the seam edges closer together for less visible seams. The star wheels press the carpet's backing into the hot melt adhesive. Roller width 4".

carpet fitting tools: heat seam tools and tapes

	<p>F7021 Carpet Seam Clamp</p> <p>These seam squeezers are made with a powerful torsion spring and two grippers that are oriented inwardly to pull and hold the seams together.</p>								
	<p>F7021W Seam Weight 7.5kg</p> <p>The seam weight has a white perforated base with an air space between the base and steel weight to allow heat and moisture to quickly dissipate.</p>								
	<p>Heat Seam Tapes</p> <p>Offering a range of different specification tapes to suit your various requirements. All designed with the aim of providing strength to the seam. Giving you the choice and confidence to select the right tape for the right job.</p> <table border="1"> <tr> <td>F301 Supreme</td> <td>90mm x 25m, 8 per box</td> </tr> <tr> <td>F331 Super LT</td> <td>90mm x 25m, 8 per box</td> </tr> <tr> <td>F351 Standard</td> <td>90mm x 25m, 8 per box</td> </tr> <tr> <td>F391 Supreme Gold</td> <td>90mm x 20m, 10 per box</td> </tr> </table>	F301 Supreme	90mm x 25m, 8 per box	F331 Super LT	90mm x 25m, 8 per box	F351 Standard	90mm x 25m, 8 per box	F391 Supreme Gold	90mm x 20m, 10 per box

carpet fitting tools: tack hammers and tucking tools

	<p>F7022 Magnetic Tack Hammer</p> <p>Polished steel construction with magnetic end and comfortable rubber grip.</p>
	<p>F7024 Claw Hammer</p> <p>General purpose hammer with claw for removing nails.</p>
	<p>F7026 Rubber Mallet</p> <p>The white non marking rubber mallet is a simple, but essential, all-round tool for flooring contractors where a steel head hammer is often unsuitable for use.</p>
	<p>F7025A Crain Magnetic Driving Bar</p> <p>This long-nosed hammering tool extends beneath radiators and other low clearance areas. The hammering tip is magnetised to temporarily hold a nail in position. The forged alloy steel body includes a bonded rubber-like handle that reduces impact vibration.</p>
	<p>F7029 Carpet Awl</p> <p>For holding and tucking carpet during installation.</p>

carpet fitting tools: tack hammers and tucking tools

	<p>F7034 Speedcatt Tucking Tool This speedy creasing and tucking tool enables the carpet to be quickly, easily and tidily tucked over and under the gripper.</p>
	<p>F7027 Metal Stair Tool 3 1/2" Designed with 3 1/2" wide blade for faster tucking.</p>
	<p>F7031 Bent Metal Stair Tool 3 1/2" With curved blade to help tucking under radiators and low clearance areas.</p>
	<p>F7033 Nylon Stair Tool A lightweight stair tool that is designed to be non-marking whilst its flexible nylon construction means that it will not damage the surfaces it is used on – or near.</p>
	<p>F7028 Tack and Moulding Lifter Curved design with notched ends for easy nail removal.</p>

carpet fitting tools: nails, tacks and screws

	<p>Concrete Nails Made from hardened high tensile steel for maximum performance. F7731 - 20mm Concrete Nails 1kg Tub F7732 - 25mm Concrete Nails 1kg Tub</p>
	<p>Ring Shank Nails Superior quality ring shank nails for fixing gripper, hardboard and plywood to wooden floors. F7720 - 20mm Ring Shank Nails 1kg Tub F7721 - 25mm Ring Shank Nails 1kg Tub</p>
	<p>F7764 Gimp Pins Very sharp coloured pins with heads. 20mm 500g, fawn</p>
	<p>Blued Tacks Very sharp blued tacks F7763 - 25mm 500g F7763A - 25mm 1kg Tub</p>
	<p>F7768 Cork Pins Very sharp and hard, but without heads, for hidden fixings 16mm 500g</p>

carpet fitting tools: nails, tacks and screws

Slotted Screws

Countersunk slotted screws for fixing profiles.

F7770 - 25mm Zinc plated, 500g Tub

F7770S - 25mm Simbrass, 500g Tub.

Rawl Plugs

F7045Y - Yellow 5/5.5mm Drill Size

F7045R - Red 5.5/6mm Drill Size

Masonry Drill Bits

F7040 - 4mm

F7041 - 5mm

F7042 - 5.5mm

SDS Masonry Drill Bits

Long life SDS masonry drill bits with tungsten carbide tip.

F7043 - 5mm

F7044 - 5.5mm

Did you know?

Floorwise manufactures **22 different types of carpet gripper**: including 20mm, 22mm & 25mm widths, Short, Medium & Long Pins; Wood, Concrete or Dual Purpose Nails & No Nails for Stickdown.

carpet fitting tools: staplers and staples

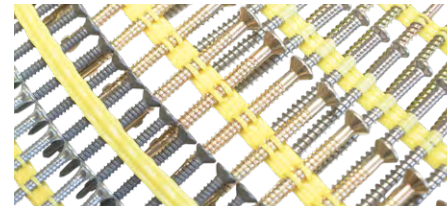

F7067 QuikDrive for Ply Kit

The fastest, most reliable and ergonomic way to install high volumes of screws to secure plywood flooring. QuikDrive is ideal for use on larger projects, using 19mm screws for the fixing of ply to the subfloor and so reducing the risk of damage to pipework.

QuikDrive can be used with all major screw guns, allowing them to receive collated strips of screws that can be driven into floor, wall and ceiling materials in a fraction of a second providing a fastening solution for every situation and material including: OSB, plywood, drywall, decking (softwood, hardwood and composite), steel, fibre cement board, construction connectors - all of which can be fastened down to substrates including timber or steel.

Complete kit includes: Makita Driver (110v), Quik Drive 19mm attachment, driver adapter takes 19mm screws, code MTHZ19E (1,500 qty in box) 240 volt driver/drill version also available.

F7067/S19 Collated Screws

The MTH underlayment screw is a ribbed head screw with sharp point suitable for plywood, chipboard and OSB to wood installations such as flooring. It is designed to prevent squeaking by holding plywood tight to the subfloor.

1,500 19mm Screws per box

F7050 Maestri ME4000 Stapling Machine

Effortless and permanent fixing of hardboard, plywood, gripper to stairs and carpets or natural floorcoverings.

Supplied with carrying case.

F7050 Maestri Bronzed Staples

F7050/16 - 16mm, for hardboard, 10,000 per box

F7050/20 - 20mm, for plywood 10,000 per box

carpet fitting tools: staplers and staples

F7049 Tacwise Duo 35 Combination Stapler and Nailer Tool

New and improved version of the Tacwise corded electric brads/pins gun, with metal circuit board and front opening nose for fast and easy reloading.

This gun can use Maestri staples up to 25mm and 18 gauge Maestri brads up to 25mm.

F7051 Maestri ME606 Electronic Staple & Brad Machine

Versatile stapler and pinner for effortless permanent fixing of hardboard, plywood, gripper, deep pile carpets and natural floorcoverings.

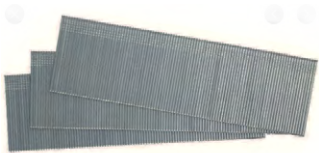

Supplied with carrying case.

F7051 Maestri Staples

F7051/18 - 606/18mm for Hardwood
4,800 box

F7051/22 - 606/22mm for Plywood
4,800 box

F7051 Maestri Brad/Pins*

F7051/TG15 - 15mm 8,000 per box

F7051/TG19 - 19mm 7,000 per box

F7051/TG25 - 25mm 5,000 per box

*not recommended for fixing hardboard or plywood.

F7063 R34 Rapid Staple Gun

The R34 Rapid Staple Gun is a powerful hand tacker with adjustable driving force making it suitable for stapling plastic film, insulation materials and carpets to wood.

Uses F7061 140 series staples.

carpet fitting tools: staplers and staples

F7061 A11 Hammer Tacker

A steel hammer tacker designed with a non-slip rubber handle for user comfort and quality components to provide reliable operation for the fast tacking of carpets during installation.

F7065 Tacwise A54 Heavy Duty Hammer Tacker

The Tacwise A54 Heavy Duty Hammer Tacker is able to fire a range of staples quickly and effectively providing functionality and reliability for a variety of fixing tasks.

F7061 Staples

140 Type staples suitable for use with F7061 and F7065 Hammer Tackers and F7063 Stapler.

F7061/8 - 8mm staples 5,000 per box

F7061/10 - 10mm staples 5,000 per box

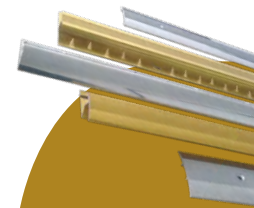

F7061/12 - 12mm staples 5,000 per box

F7061/14 - 14mm staples 5,000 per box

F7064 Staple Remover

Allows quick and easy removal of staples from most substrates.

Did you know?

Floorwise has one of the **widest ranges of floor and threshold profiles** perfect for joining or providing a **neat edge finish for all types of floorcovering**.

carpet fitting tools: hot melt glue guns

F7894 Heavy Duty Industrial Hot Melt Adhesive Gun

Robust, high output, electric 43mm glue gun, with electronic temperature control and auto standby.

- Temperature control modules from 130°C – 215°C
- Energy saving stand-by mode
- Higher output & trigger boost
- Fast recovery from standby

F560 - Hot Melt Glue Slugs 43mm
5kg box. Approx. 85 slugs

F7891/12 Industrial Hot Melt Adhesive Gun

The Tec 830-12 glue gun is designed to tackle a range of commercial applications with fast warm-up, high melt rate and thermostat to accurately adjust output temperature.

F565 - Hot Melt Glue Sticks 12mm
5kg box. Approx. 160 sticks

F7882 Hot Melt Glue Gun Carrying Case

Robust metal carrying case for all guns.

measuring and scribing equipment: measuring

F7340 Metre Measuring Stick

The Metre Measuring Stick features metric measurements whose accuracy is guaranteed with the Government Stamp of approval – ideal when selling fabric or floorcoverings by length.

F7335 5m Tape Measure

F7338 8m Tape Measure

Contoured shape designed to fit comfortably in the hand, complete with trouser clip on the back.

F7304 2m Flexible Straight Edge

F7305 4m Flexible Straight Edge

Made from sprung steel, these straight edges are the perfect way to mark out straight lines. Complete with clip to hold them together when rolled up.

F7307 2m Non Slip Flexible Straight Edge

F7308 4m Non Slip Flexible Straight Edge

Similar to F7304/5 but with its non-slip rubber back, the straight edge remains steady, even on vinyl surfaces.

F7306 Adjustable Straight Edge

This tool has two sliding aluminium surfaces which are locked by a finger tightening nut. It can be adjusted between 60cm to 100cm. Perfect for working in doorways and on landings.

measuring and scribing equipment: measuring

F7312 2m Flexible T-Square

F7314 4m Flexible T-Square

Made from sprung steel attached to a T-Square end. Designed to be rolled up and secured with a clip to hold them together for easy carrying. Perfect for the full scale marking out of treads and raked stages.

F7535 InvisiSeamer

F7535D 6' Extension

F7535E 12' Extension

This three section cutting guide is the go-to tool for perfect seam edges, border work and mitred corners.

F7516 Crain Nickel Plated Mitre Box

This case hardened mitre saw guide has all the required angles. It has non-slip, non-marking pads on the base. The mitre box is a wood block, which will help save the blade on your hacksaw while achieving a clean cut through.

F7350 Leica Laser Measure with Bluetooth Technology

The very latest laser measuring technology, linking to your smart phone to accurately record measures.

F7531 HygroMaster 2

To accurately determine the relative humidity of a subfloor. The pre-calibrated hygrometer box incorporates an accurate thermo hygrometer that indicates both relative humidity and air temperature. Uses butyl tape to create airtight seal.

F7531HS - Hygrostick (each)

F7532 - Humidity Box

F7532SL - Humidity sleeves with caps (20 per box)

measuring and scribing equipment: scribing and marking

F7120 Bar Scriber

This precision bar scriber has brass rollers and is great for scribing widths up to 45cm.

F7120P - Spare Pins x 25

F7121 Recess Scriber

Suitable for both wall and seam scribing. Easy turn brass fitting for controlled pin height adjustment.

F7120P - Spare Pins x 25

F7122 Pajarito Combination Scriber and Cutter

Used both for scribing and cutting resilient floorcoverings of all kinds. It can be used as a standard as well as a reverse scriber by simply turning the lower guide rail.

F7120P - Spare Pins x 25

F7122B - Spare Blades x 5

F7123 Pajarito Scriber

Brass scribing tool for hard flooring. Horizontal and vertical adjustment for work range of 56mm and material thickness of up to 8mm.

F7120P - Spare Pins x 25

F7124 8" Dividers

Precision spring dividers to aid measurement and help fitters accurately mark out the floor.

measuring and scribing equipment: scribing and marking

F7300 100' Chalk Line Reel

An effective tool for marking straight chalk lines when laying out a floor design.

F7301 Chalk Line Refill White - 8oz

F7302 Chalk Line Refill Blue - 8oz

F7303 Chalk Line Refill Red - 8oz

F7125 Deep Hole Pencil Marker

The Deep Hole Pencil Marker has a 120mm retractable, interchangeable lead which enables it to mark through beams & joists of up to 100mm in a 3mm hole or 145mm in a 6mm hole making it a versatile marking tool for floor fitters.

F7125SL - Spare Leads

surface preparation tools: strippers

F7210 Power Stripper

This quality power stripper makes light work of removing all types of floor coverings, even concrete and wood. Adjustable handle length with padded shoulder support. A carrying case is available as an optional extra.

F7210/110 - 110V

F7210/240 - 240V

F7210B - Blade 60mm

F7210LB - Blade 130mm

F7210C - Carrying Case

F7214/18 Deluxe Hand Scraper - 18"

F7214/12 Deluxe Hand Scraper - 12"

The Deluxe Scraper is ideal for removing old adhesives and preparing sub floors for the installation of flooring. With its easily changeable blade and robust construction this is a great all-purpose scraper.

F7214B 100mm Scraper Blade 10 x 10 = 100

Did you know?

The Floorwise range of stair nosings, PVC profiles, skirtings and trims are **manufactured in the UK** to the highest quality standards, to deliver long lasting performance.

wiseup@
www.floorwise.co.uk

surface preparation tools: scrapers

F7216/18 Crain Steel Handled Scraper
18" Heavy duty scraper with rounded metal end for comfort.
F7216B - 127mm Scraper Blades x10

F7213 Hit Scraper
Robust heavy duty hit scraper with longer handle.
F7213B - Reversible Blade x1

F7218 Pajarito Long Handled Scraper
Work standing up, using this 140cm long-handled, wide-bladed scraper.
F7218B - Blade x1

F7234 Carborundum Grinding Stone
This carborundum stone, complete with handle, helps remove trowel marks or high spots from screeds and smoothing compounds.

Did **you** know?

Floorwise produce a choice of **primers** to use before screeding a floor with one of our high performance **Pro-Screed** range. Priming a floor will always make **screeding easier** and ensure that the screed performs its best.

surface preparation tools: mixers, rakes and rollers

F7222 Roberts Electric Mixer
The Roberts® Electric Mixer comes with a powerful, high torque motor and variable speed options to maximise control and enable more efficient mixing, whilst the ergonomic handle helps to minimise operator fatigue.
This mixer comes with a robust carry case for ease of transportation.
Paddle - Ø140mm
F7222/110 – 110V/1400W
F7222/230 – 230V/1600W

F7235 DLX Drill Whisk
The DLX Drill Whisk has been developed for the optimum preparation of flooring screeds and grouts. The unique design incorporates two turbine blades, fitted one above the other, which provide a strong flow of material to prevent the formation of lumps.
F7235/M14 – M14 Thread Connector
F7235/HEX – HEX Connector

F7225 Mixing Drill Whisk
Rugged 8cm wide mixing tool.
HEX connector.

F7226 Mixing Drill Whisk
Rugged 10cm wide mixing tool.
HEX connector.

F7225P Pajarito Drill Whisk
Specially-designed to prevent the formation of lumps, ideal for self levelling screeds and smoothing compounds.
HEX connector.

surface preparation tools: mixers, rakes and rollers

F7221 Professional Stirring Station

For stable and secure stirring. Easily movable on site, then just tip and pour. Complete with trolley base, tripod stirrer, 75 litre barrel and hose holder.

F7233 Floorwise Pro-Screed Mixing Tub

The 42 Litre Floorwise Pro-Screed Mixing Tub has been designed to allow for the mixing of up to two bags of screed at a time to allow for faster screeding when working on larger projects. The side of the tub features a helpful scale to show the volume of contents at a glance

F7223/14 Gorilla Mixing Tub – 14 Litre

F7223/26 Gorilla Mixing Tub – 26 Litre

F7223/42 Gorilla Mixing Tub – 42 Litre

The strong, flexible mixing tub.

Did you know?

Floorwise **Pro-Screed levelling and smoothing compounds** are so strong and versatile they can be laid over adhesive residues and most surface membranes.

wood + laminate installation: cutting, clamping and fitting tools

	F7461 Straticut Laminate Guillotine Designed to neatly cut laminate flooring with very little dust or noise. The guillotine comes with a balancing angle block to support the far end of the laminate board that the floor layer is trimming. The guillotine will cut planks up to 15mm thickness and a width up to 210mm.
	F7409 Roberts Pro-Flooring Laminate Installation Kit This kit provides everything you need to start installing vinyl, laminate and hardwood flooring like a professional. This kit is reusable for future wood and vinyl flooring projects and includes: - 30 Dual Expansion Joint Spacers - Universal Tapping Block - Wide Angle Pull Bar - Double-Faced Mallet
	F7415 Ratchet Straps & Clamps Quality ratchet straps and clamps with adjustable spacer.
	F7404 Power Shunter Combination tool that hammers and shunts in one easy movement.

wood + laminate installation: cutting, clamping and fitting tools

F7407M Roberts Rubber Mallet

The Roberts Rubber Mallet is the perfect companion tool to use when tapping the sides of the Roberts 3-in-1 tapping block to position and securing the flooring in place.

F7407T 3-in-1 Tapping Block

The Roberts 3-in-1 Tapping Block is designed for use with vinyl tile, laminate or hardwood flooring planks, making installation quick and easy without damaging the tongue and groove or locking system.

F7405 Professional Tapping Block – Flat

Made in strong nylon with an easy grip handle, this professional tool is used to tap laminate and wood flooring together without damaging the surface or edges of the flooring.

F7406 Professional Pulling/Impact Iron – 55cm

One of the best pulling irons on the market. It has a wide rear hook to spread the force over a wider area of the board to avoid damage.

The raised hitting point is at the perfect angle to send the force forward and the front end may be used as a lever if required. The underside has felt pads to protect the boards.

Did you know?

The Floorwise **Acoustica** and **Whisper** ranges of wood and laminate underlays are an **excellent way of reducing impact sound** levels

wood + laminate installation: trimmers, saws and pinners

F7433 Door Boss

The Janser Door Boss is a popular trimmer for cutting bottom of doors whilst they are still 'in-situ'. It has a maximum cutting depth of 50mm and comes with a tungsten tipped high quality blade and metal carry case.

F7433/110 - 110V

F7433/230 - 230V

F7433B TCT Blade

F7434 Door Trimmer

The RZ270 door trimmer combines a 1300w motor for durability, an easy to use saw for cutting doors, door frames and skirting boards, a suction port, metal carry case and has a cutting depth up to 48mm.

F7434/110 - 110V

F7434/230 - 230V

F7434B - TCT Blades

F7410 Crain Undercut Saw

This hand undercutting saw has a heavy-duty wooden handle, steel bracket, and replaceable 12" blade. The trapezoidal high carbon steel blade includes a row of 10 pointed teeth on both sides. The saw includes a front knob for working with both hands to increase cutting power.

F7560 Hacksaw

F7560B - Hacksaw Blades x 10

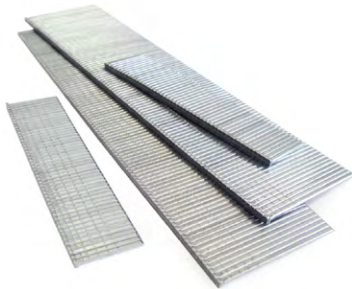

wood + laminate installation: trimmers, saws and pinners

F7052 Maestri Veneer Pinner

21 gauge pinner, ideal for fixing of Scotia and Quadrant. Pencil thin nose for accurate pin placement.

Protective rubber feet to prevent damage to surface.

F7052 Brads/pins

Brads for use with F7052 Maestri Veneer Pinner. Available in 4 lengths to suit most applications.

F7052/TG15 - 15mm brads/pins 5,000 per box

F7052/TG19 - 19mm brads/pins 5,000 per box

F7052/TG25 - 25mm brads/pins 5,000 per box

F7052/TG30 - 30mm brads/pins 4,000 per box

PVC/lino laying equipment: grooving & welding machines

F7100 Grooving Machine

Efficient grooving machine for linoleum and vinyl which copes well on uneven surfaces. Adjustable lateral edge for non slip safety pads. Complete with metal case, dust bag and HM grooving blade.

F7100/120 - 120V

F7100/230 - 230V

F7100B - Grooving Blade 130mm

F7100DB - Diamond Grooving Blade 130mm

PVC/lino laying equipment: grooving and welding machines

F7105 Leister Triac ST Hot Air Welder

This renowned Swiss made welding gun with electronic control, comes complete with turbo nozzle in a carrying case.

F7105/110 - 110V

F7105/230 - 230V

F7106 Leister Triac ST Hot Air Welding Kit

Complete with ST weld gun, grooving tool + blades, standard nozzle, speed nozzle, spatula knife, trimming guide and carrying case.

F7106/110 - 110V

F7106/230 - 230V

F7108 Leister Standard Nozzle

F7108S Leister Speedweld Nozzle

F7109 Leister Triac EasyFloor

The Leister EasyFloor holds all Leister hot air hand welding tools within the Triac product line. Manual joint welding in plastic PVC flooring, as well as natural flooring made of linoleum and rubber, become easier with the help of the EasyFloor holder. Thanks to the adjustable angle and precise guidance of the Triac hot air blower, users achieve constant welding zone preheating and increased weld quality during manual welding.

PVC/lino laying equipment: cutting and laying tools

F7153 Lino & PVC Strip Cutter

This handy tool is used for cutting linoleum and PVC strips for skirting, stairs and risers. Also used for trimming factory edges.

F7155 Leister 'Groovy' Groover Tool

Ideal for small surfaces that are difficult to access, executing clean grooves up to connecting walls.

F7155B - Blade x 1

F7113 Router Handle

Router handle and blades for trimming weldrod. The ideal tool for trimming internal and external angles of coved surfaces.

F7113B Router Blades x 8

PVC/lino laying equipment: cutting and laying tools

F7150 PVC Edge Trimmer

The perfect tool for putting the bevel back on cut tiles. Set to a 25° angle.

F7150B - Blades x 6

F7152 Linocutter

Professional seam cutter for Lino and PVC. The cutting depth and width are infinitely adjustable. The robust baseplate runs on bearings so that it slides easily and doesn't damage the floor surface.

Uses **F7152B** Heavy Duty or **F7152HB** Hooked Blades for cutting (see page 6).

F7136 Crain Steel Hand Roller

This hand roller for rolling vinyl at seams and other areas has a round edge solid steel roller, which allows it to work up - close to coving.

F7157 Pressing Hammer

This specialist hammer is used by floorlayers to press down the seams of Linoleum, PVC and rubber flooring into the adhesive to ensure good adhesion to the floor.

PVC/lino laying equipment: cutting and laying tools

F7141/28 Lino Roller 28kg
F7141/50 Lino Roller 50kg
 Zinc-plated steel lino roller - 50 kg roller is fitted with transport wheels.

F7151 Mozart Trimmer
 This weld trimmer gives a perfectly flat finish with no surface damage.
F7151P - Leather Pouch
F7151B - Spare Blades x 5

F7110 P Type Grooving Tool
 This tool cuts a groove in hard or safety flooring prior to welding the flooring sheets together. The replaceable blade on the front is made from sprung steel.
F7110B - U Shape Grooving Blades x 10

F7515 Professional Linoleum Tucking Knife
 The hook-blade design gives easier cuts in corners and from underside. Also used as a tucking tool.

PVC/lino laying equipment: cutting and laying tools

F7130 Spatula Trimming Knife
F7130G Spatula Guide
F7130P Leather Pouch
 This professional tool is used to remove and cut away the excess weld from the floor surface to leave a smooth finish between vinyl sheets.

F7513 Stubbi Cap Roller
 The Stubbi Cap Roller is designed to help achieve perfect results when installing capping.

F7514 Stubbi Cove Roller
 The Stubbi Cove Roller is designed to help achieve perfect results when installing coving.

PVC/lino laying equipment: LVT cutting tools

F7101 DS333 LVT Design Cutter
 Ideal for LVT, but also suitable for cork, CV and rubber. This versatile cutter, with adjustable cutting angle 0-45° is fast, accurate, quiet and dust free. It is lightweight, so easy to transport.
F7101B - Blade

F7154 LVT Hole Cutter
 Ideal hand tool to cut LVT for fitting around pipe. 4mm to 20mm range.

Along with tools, Floorwise also provide a limited range of workwear, safety clothing and accessories for the flooring professional. These have been carefully selected with functionality, protection and value in mind.

F7800 Snickers Floorlaying Master Trousers

You can count on the reliable protection and functionality every working day in these advanced floor laying trousers.

Featuring the innovative twist cut for a perfect fit.

- Kevlar® coated reinforcements on the knees for outstanding durability.
- Durable rip-stop fabric with double fabric on the thighs for an even longer service life.
- Easy-access knife pocket with protective flap on the right thigh.

workwear and protection: kneepads

F7870 Snickers Beaded Knee Pads

Made up of polyethylene beads that make the knee pad light and breathable, they are designed to maintain their shape, hold their position – and won't slide around when you're hard at work.

F7817 Fento 200 Pro Knee Protectors

Protecting the knee and lower leg when kneeling, adding comfort whether sitting down or walking around.

F7818 Medical Knee Pads

These knee pads give high level cushioning and total support to the whole knee area, preventing tendon and cartilage damage.

F7820 ProKnee A16 Knee Pads

A premium compact kneepad with all the right features to keep you going no matter what your job site looks like.

Unlike many kneepads all parts of the ProKnee range are replaceable which ensures longevity and the ability to tailor your kneepads to your requirements.

workwear and protection: kneepads

F7805 Snickers D30 Craftsman Knee Pads

Flexible when working, tough on impact. Active kneepads for active craftsmen, featuring shock-absorbing D30® material for extreme protection and durability.

F7815 Leather Knee Pads

These durable knee pads give long lasting protection and comfort.

F7819 Super Soft Knee Pads

Made from washable neoprene these knee pads have a thick rubber insert for greater comfort.

The reinforced polyurethane coating will not mark or scratch the floor and the non binding Velcro straps fit below the knee to prevent chafing.

F7819L Super Soft Knee Pads - Leather

Made from natural leather these knee pads have a thick rubber insert for greater comfort.

The natural leather exterior will not mark or scratch the floor and the non binding Velcro straps fit below the knee to prevent chafing.

workwear and protection: storage and handling

F7955 30" Rope-handled Canvas Tool Bag

Heavy duty canvas tool bag with strap closures.

F7950 24" Rolling Tool Box

This fully-featured yet lightweight 24" toolbox is made from advanced 'structural foam' materials. The thick walls are very durable but weigh a lot less.

The box rolls level with the ground thanks to a long, top-mounted pull handle that can be conveniently pulled along while walking.

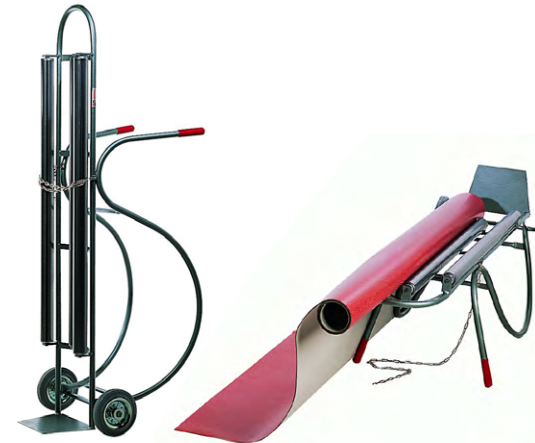

workwear and protection: storage and handling

F7900 Carpet Trolley with Pneumatic Tyres

Fully welded construction to provide maximum strength, this trolley is built to last.

Mounted on pneumatic tyres for ease of movement.

F7905 Transport & Unroll Barrow

Fully welded construction to provide maximum strength. Complete with three gravity fed rollers. Mounted on solid rubber tyres.

Maximum weight 250kg.
